

HARDY WENTZEL

Hardy Wentzel joined Tolko as the Vice-President of Sales, Marketing and Logistics in June 2011. He has expertise in leading the sales and distribution of building materials sold in Canada and abroad.

Over his 25 year wood products career at Trus Joist and Weyerhaeuser, Hardy spent 10 years working in Europe and the US in senior management roles. He was responsible for sales and marketing of engineered wood, OSB as well as managing the building materials distribution business. Hardy's knowledge of international and domestic business will contribute to the growth and success of Tolko's Sales, Marketing and Logistics Strategies.

Hardy is a Civil Engineering Technology graduate from Northern Alberta Institute of Technology in Edmonton, Alberta.
